

Passed first time on 31/10/2016. Ian is a fantastic instructor who is very patient and encouraging.

He took the fear out of learning to drive and made every step clear and relevant to me so I understood what I had to do. His unique sense of humour set me at ease and made me feel comfortable behind the wheel. He was flexible and understanding with my busy life and helped me with tips to keep all the plates spinning so I could make progress. From early beginnings, he built me up until I was ready to take my test, passing first time! I can and would recommend him any day! I will miss my weekly sessions, if not for the puns alone!

Congratulations Steven.
