

Passed on 25/04/2018. Ian has been amazing to learn to drive with. He's very patient, supportive

and does not hesitate to go over things you may have misunderstood. Learning with Ian does not only allow you to blossom as a driver but as a person also. I would always recommend Passoon to any person wanting to learn to drive; lessons are affordable and most of all valuable. Learning to drive with Passoon has provided me with knowledge and tips that I can now apply to my own driving. Ian does not only teach you how to pass a test but how to drive alone in a safe manner which is often missed by many other instructors. If you are looking for a reliable, helpful and considerate instructor, learn with Passoon.

Congratulations Emily
